### Part III Section C

During the time period stated above I had Neural nanotechnology within my body, without my consent. This technology is apart of the Central Intelligence Agency, National Security Agency, and DARPA'S, N3 Program, during this time period with this technology, it's micro and superconductors were electronically sending and receiving information. Audio, visual, and otherwise. Using painful high pitched frequencies.

At the times I was employed with these employers I was paid less then signed on for, or less than others for relative duties with these facilities. Treated very differently, subpar or as if mentally incapable. Defamation of character, slander, and possibly liable at these places of employment, due to the N3 Program. I was unable to use electronic devices, proficient with my knowledge and skills. This technology has the ability to, manipulate one's gentles, my functions as a man, have been less than, desired, do to this technology and events.

I was blocked or unable, to get gainful employment. Coerced, to be unable to get proper medical assistance, for medical issues, as well as having money deducted from bank account without my consent.

I was also unable to use electronic devices, to enroll in college, to enrich, and better my education, due to Wiretapping and wire fraud.

My private information was passed around, from my personal and home activities, at my work place. HIPPA laws were violated, regardless of true or false claims.

The neural nanotechnology used can be very painful, and unwilling, and unwittingly uncomfortable, in the manner it was used. I did not consent to its use, nor do I want to be apart of its us with me. I had to stop all operations of my business, and close my LLC. As Chief Executive Officer, and Owner.

#### IV. Injuries

If you sustained injuries related to the events alleged above, describe your injuries and state what medical treatment, if any, you required and did or did not receive.

I have been unable to verify with 100% certainty of any medical diagnosis, because I have not the financial means. I have been able to acquire legal representation or assistance due to defamatory statements, cyberbullying by public and private persons. I am uncertain of any neurological damage from this neural nanotechnology, I am unaware of any psychological ramifications because of the duration of these illegal expenditures, & social isolation I have been forced to live. I also haven't had a opportunity to receive basic medical care or assistance such as see a dentist or a family doctor or get surgery for several hemorrhoids, or get basic care for my severe eczema.

---

#### V. Relief

State briefly what you want the court to do for you. Make no legal arguments. Do not cite any cases or statutes. If requesting money damages, include the amounts of any actual damages and/or punitive damages claimed for the acts alleged. Explain the basis for these claims.

with the intention of irreparable harm not only to myself but the democracy of the United States of America. As well as the federal government not observing Constitutional law or Civil Law.
